

# Art With Heart

## Lesson #4

**Age:**  
1<sup>st</sup> Grade

### Objective:

- Students will be able to identify various colors.
- Students will learn the vocabulary of various colors.
- Students will be able to recognize the different vocabulary for colors and numbers.

### Materials:

Art With Heart by Julie Woik

Pencils

Option: Crayons

Print out form that correlates with this lesson.

Optional - Send home letter to parents regarding this lesson.

See attached *Letter for Parents*

### Activity:

Gather the children in a circle and read Art With Heart, showing everyone the illustrations. After the reading, hand out the form for this activity. Have the students review and circle the colors on this worksheet, and place the total at the bottom.

**Option:** If the students are not familiar with the spellings of the colors, use the list of colors first, and have them color them accordingly. Then proceed with the Number/Color Words list.

### Assessment:

Students will recognize colors and numbers by their correct spelling. They will be able to pinpoint and count the various colors provided throughout this activity.
