

Brush Up On Your Numbers

Add or subtract the large paint splashes to find the correct answer.

$$4 \text{ blue splashes} + 3 \text{ red splashes} = \underline{\hspace{2cm}}$$

$$6 \text{ purple splashes} - 2 \text{ teal splashes} = \underline{\hspace{2cm}}$$

$$3 \text{ green splashes} + 2 \text{ red splashes} + 3 \text{ blue splashes} = \underline{\hspace{2cm}}$$

$$2 \text{ orange splashes} + 2 \text{ teal splashes} - 2 \text{ orange splashes} = \underline{\hspace{2cm}}$$

$$1 \text{ purple splash} + 1 \text{ green splash} + 1 \text{ blue splash} + 1 \text{ red splash} + 1 \text{ purple splash} + 1 \text{ green splash} + 1 \text{ red splash} - 1 \text{ teal splash} = \underline{\hspace{2cm}}$$

$$1 \text{ teal splash} + 1 \text{ purple splash} + 1 \text{ orange splash} + 1 \text{ teal splash} + 1 \text{ purple splash} - 1 \text{ orange splash} + 1 \text{ green splash} + 1 \text{ purple splash} = \underline{\hspace{2cm}}$$
