### Activity:

Read the Art With Heart book to the student/s participating in this activity. Share your feelings regarding the story's lesson, confidence. Talk about how certain behaviors can make us feel good inside, build our confidence, and help us get along with others. Have the student/s look at the party the characters are having. Then have the student/s list behaviors that people do that are kind or fun or bring joy to everyone involved. Then have them commit to making an effort to practicing as many of the behaviors as possible. Let's work on creating a happy and healthy environment through our own actions!

### Assessment:

Students will comprehend how their actions and behavior can make a difference when engaging with others and creating healthy relationships.
