

The Garden Gathering

Lesson #5

Age:
Kindergarten

Objective:

- Students will analyze and recognize a variety of patterns and relations.
- Students will compare and sort geometric figures.

Materials:

The Garden Gathering by Julie Woik

Pencils, Pens or Crayons

Printed out form attached that correlates with this lesson.

Optional - Send home letter to parents regarding this lesson.

See attached *Letter for Parents*

Activity:

Gather the children in a circle and read The Garden Gathering, showing everyone the illustrations. After the reading, hand out the form. Have the students identify the shape that doesn't fit in the row by circling it.

Assessment:

Students use their basic understanding of two-dimensional figures to recognize, compare, and identify the differences found in various geometric shapes.
