

Instructions for Your Opinion Matters

PLEASE SEEK PARENTAL PERMISSION IF NECESSARY

- Gather the students together, reading and showing the illustrations of *The Life and Times of Lilly the Lash: The Garden Gathering*.
- **IMPORTANT:** Students will need a chance to handle the book after the reading, giving them an opportunity to do such things as review the illustrations, touch the satiny aqueous-finished pages, and check out the additional special pages in the back of the book.

Please be sure the students are aware of the FREE activities on Lilly's website www.lillythelash.com. Activities that can be downloaded, such as *Peek N' Seek* (in the Kid's Zone), gives children a chance to find 20 hidden items in each book.

- Hand out forms for this activity (they can write on back if necessary). The students are going to be voicing their HONEST opinions regarding the first book in the Lilly the Lash series. This author wants to know!

They're HONEST responses will help me to:

1. See the book from the perspective of a young reader.
2. Get a clear understanding of what exactly appeals to them.
3. Make our product the best that it can be.

- Once the forms are completed, the teacher may contact me via email julie@lillythelash.com to request my address. The teacher will send the forms (including the Self-Addressed/Stamped Envelope). I'll read the forms and respond personally by commenting and signing them. I'll return the forms in the Self-Addressed/Stamped Envelope. The teacher can return the forms to the students and the class can discuss the importance of their thoughts and opinions in regard to a work of literature.
