

THE I GOT IT! GAME

Break up into two teams. One person from each team is chosen to begin each round.

The teacher reads the question below. First player to ring the bell and say "I GOT IT" gets a chance to answer.

If the answer is correct, that team is awarded one full point, and the next two players step up to play.

If the answer is incorrect, the other player gets a chance to answer.

If that player answers correctly, their team is awarded one full point, and the next two players step up to play.

If the answer is still incorrect, go back and forth to the next player on each team until the correct answer is found.

If the question is answered correctly by players other than the original two players for that round, only a half point is awarded.
