

The "Same" Game

Print and cut out all of the cards.

Mix up the cards and place them, individually, face down onto a table.

Each player takes a turn revealing two cards.

If the two cards match (a number and the number of images from the book), the player keeps the match, and gets to pick another two cards.

If the two cards don't match, the player must return the cards face down to the same location they were taken from.

Now it's the next player's turn.

Keep going until all of the matches have been made.

The winner is the player with the most matches at the end of the game!!
