

The Kacklin' Kitchen

Lesson #3

Age:
2nd Grade

Objective:

- Students will identify and describe characteristics of two-dimensional shapes.

Materials:

The Kacklin' Kitchen by Julie Woik

Pencils or Pens

Print out form that correlates with this lesson.

Optional - Send home letter to parents regarding this lesson.

See attached *Letter for Parents*

Activity:

Gather the children in a circle and read The Kacklin' Kitchen, showing everyone the incredible illustrations. After the reading, print the form in which students will determine the amount of angles found on each shape. They will then identify the shape by circling the correct answer.

Assessment:

Students will understand the basic characteristics of various geometrical shapes. They will use their knowledge of two-dimensional shapes to identify them by name.
