Halloween Night in the Barn

(Title of Your Story)

It was going to be a **thrill** to spend Halloween night out in the old barn. It was **quite** the spooky place! My little sister was **throwing a fit** because Mom said she couldn't hang out with us older kids. In the end, she didn't **care**, because Mom promised to **provide** fun movies, pizza, and candy. She **thought to herself**, "This will be a lot more fun than being in some stinky old barn."

The rest of us gathered in the barn, waiting for the evening to **approach**. Suddenly it became very windy. Dark clouds started **floating past**. They didn't look like normal clouds. They looked like ghosts! We screamed loudly, and all you could hear after that was **footsteps** running to the house. My sister was right!
