

# Ocean Commotion

## Lesson #4

### Age:

Pre-Kindergarten

### Objective:

- Students will show understanding of positional placement.
- Students will become familiar with positional terms.

### Materials:

Ocean Commotion by Julie Woik

Pencils, Markers, or Colored Pencils

Print out form that correlates with this lesson.

Optional - Send home letter to parents regarding this lesson.

See attached *Letter for Parents*

### Activity:

Gather the children in a circle and read *Ocean Commotion*, showing everyone the detailed illustrations. After the reading, hand out the form in which students will determine the position of various objects and correctly choose the answer to the question. Review the four positions discussed on this form, and then think of other possible positions. (Inside/Outside).

### Assessment:

Students will identify and understand positional wording. They will apply this knowledge to increase their vocabulary.
