

Spell it right...be sure to think!!

Avoid the card that spells out

BLINK

This game is for practicing the spelling of difficult words found in Ocean Commotion. It's best when played with 4 or more players. Print Option: Use heavy stock paper.

Cut out all of the words, fold them in half, and place them in a container. (A silly hat is always fun!!)

Players sit in a circle facing one another. First player picks a word (no peeking while picking!).

The player then reads the word aloud, covers up the word, and then spells it aloud.

If the word is spelled correctly, the player keeps the word.

If the word is not spelled correctly, the word goes back into the container.

Now pass the container to the next player and repeat the process.

PICKING BLINK: If a player has one or more cards and picks the **BLINK** word, all of the other words earned to this point, along with the **BLINK** word, go back into the container.

If a player hasn't yet earned a word, they simply put the **BLINK** word back into the container.

Set a timer for 10 – 15 minutes. When the time is up, the player with the most words wins!
