

The Life and Times of Lilly the Lash

The Toy Store

“Whaahooooooooo!” shouted Lilly, as she whizzed down the slide.

Flailing her arms, to the bottom of the ride.

“I finally found the ideal place to land,
The torch that Ms. Liberty holds in her hand!”

A jump to her feet, Lilly checked the brochure.

Tomorrow she'd plan for a city wide tour.

Observing the sights and the sounds for a trace,

Hoping they'd lead her to just the right place.

The night would creep in, changing buildings and cars.

To a dazzling spectrum of diamond-like stars.

This place was alive, with a heart and a soul.

The perfect location for Lilly's next goal.
