

The Garden Gathering

Lesson #1

Age:

Pre-Kindergarten

Objective:

- Students will understand the different ways numbers are represented in the real world by using objects to represent whole numbers.

Materials:

The Garden Gathering by Julie Woik

Pencils, Pens, or Colors

Printed out form attached that correlates with this lesson.

Optional - Send home letter to parents regarding this lesson.

See attached *Letter for Parents*

Activity:

Gather the children in a circle and read The Garden Gathering, showing everyone the illustrations. After the reading, hand out the forms showing the numbers and characters. Have the students draw a line from the whole number to the corresponding character/s.

Assessment:

Students recognize different ways numbers are represented by drawing a line from a number to the correlating character/s.
