Answers for 2nd Grade - Lesson #4

1. Boomer takes his taxi into town 2 times on Monday, 3 times on Tuesday, 4 times on Thursday, and 1 time on Friday.

How many total times does Boomer take his taxi into town? 10

2. Rita Rat Tootles looks after lots of items in the building. One day she gave Tristan 6 paint brushes, Elsa 3 different hammers, and Tripod 1 saw, 1 scissors, and 4 spools of thread.

How many items did she give to Tristan and Tripod? 12

3. Snaggle grabbed 50 sheets of fabric from the tote marked FREE, which was placed out in back of the store. 22 sheets had polka dots, 7 sheets had stripes, and the rest were all solid colors.

How many sheets of fabric were solid colored? 21

4. Tristan, Freddie, and Oz had to paint a bunch of toys! They bought 6 cans of black, 4 cans of white, 5 cans of purple, 2 cans of yellow, and 3 cans of red. After they finished, they had extra paint, so they returned 2 black cans, 2 purple cans, and 1 red can.

How many total cans of paint did they use to paint the toys? 15

5. Professor Wilma Wiseowl has 10 tea cups. 4 of the cups are cracked. She plans to buy 8 new ones next week.

How many tea cups will Wilma have which are NOT cracked? 14
