

# Willow Wonders

Do YOU  
know the  
answers?

1. Boomer takes his taxi into town 2 times on Monday, 3 times on Tuesday, 4 times on Thursday, and 1 time on Friday.

How many total times does Boomer take his taxi into town? \_\_\_\_\_

2. Rita Rat Tootles looks after lots of items in the building. One day she gave Tristan 6 paint brushes, Elsa 3 different hammers, and Tripod 1 saw, 1 scissors, and 4 spools of thread.

How many items did she give to Tristan and Tripod? \_\_\_\_\_

3. Snaggle grabbed 50 sheets of fabric from the tote marked FREE, which was placed out in back of the store. 22 sheets had polka dots, 7 sheets had stripes, and the rest were all solid colors.

How many sheets of fabric were solid colored? \_\_\_\_\_

4. Tristan, Tripod, and Oz had to paint a bunch of toys! They bought 6 cans of black, 4 cans of white, 5 cans of purple, 2 cans of yellow, and 3 cans of red. After they finished, they had extra paint, so they returned 2 black cans, 2 purple cans, and 1 red can.

How many total cans of paint did they use to paint the toys? \_\_\_\_\_

5. Professor Wilma Wiseowl has 10 tea cups. 4 of the cups are cracked. She plans to buy 8 new ones next week.

How many tea cups will Wilma have which are NOT cracked? \_\_\_\_\_
