

Building our Wall of RESPONSIBILITY and DEPENDABILITY

(For the teacher or parent)

Briefly discuss the definitions of responsibility and dependability as a class:

- Responsibility: Doing what is expected of you.
- Dependability: Being someone others can rely on.

Create a class Responsibility and Dependability Wall where students can hang their posters. Explain to the students that they will create posters that showcase responsible and dependable behavior. Provide a few examples of what they can include on their posters (e.g., doing chores at home, completing homework on time, being a good friend).

They can include drawings, slogans, magazine cut outs, and written descriptions of responsible and dependable actions. After the students have completed their posters, have them share their work with the class. Ask each student to explain their poster and the responsible and dependable actions they chose to depict.

Discuss how the posters can be displayed in the classroom or around the school to remind everyone of the importance of these values.
