

# The Little Building

## Lesson #2

**Age:**  
Kindergarten

### **Objective:**

- Students will enjoy being read to and will acquire the ability to retell simple narrative stories.
- Students will discuss ideas, events, and other information found within the storybook.
- Students will discover the meaning of the given text.

### **Materials:**

The Little Building by Julie Woik

Pencils, Colors, Markers, or Color Pencils

Print out form that correlates with this lesson.

Optional - Send home letter to parents regarding this lesson.

See attached *Letter for Parents*

### **Activity:**

Gather the children in a circle and read *The Little Building*, showing everyone the illustrations. After the reading, review some of the highlights of the story. Then hand out the form that goes with this activity. Have the students circle the correct answers which support the details of the story. Discuss the valuable lesson Boomer learned about **RESPONSIBILITY!**

### **Assessment:**

Students will begin to understand the value of a storybook and the message that it holds. They'll learn to compare and apply these ideas to real life situations.
