See attached *Letter for Parents*

Activity:

Gather the children in a circle and read *The Little Building*, showing everyone the detailed illustrations. After the reading, hand out the form in which students will mark the matches. Afterwards, discuss how Rita Rat Tootles tried to help everyone be organized. She took responsibility for getting each character to do a specific job. That's AWESOME!!

Assessment:

Students used their memory to identify patterns and relationships and similarity and difference. This helps children learn about problem solving. Matching and sorting activities can also be good for developing fine motor skills.
