

The Toy Store

Lesson #5

Age:
2nd Grade

Objective:

- Students will select appropriate instruments for measurement to achieve the correct degree of accuracy in a real world situation.

Materials:

The Toy Store by Julie Woik

Pencils or Pens

Clock/s

Calendar/s

Optional - Send home letter to parents regarding this lesson.

See attached *Letter for Parents*

Activity:

Gather the children in a circle and read The Toy Store. After the reading, hand out the form that correlates with this lesson. Ask each student to answer the questions regarding time. In the story, it says "time stopped for a rest." You can discuss with the students how time doesn't really stop...only in fairytales.

Assessment:

Students will utilize a variety of strategies to identify time intervals.
