

The Toy Store

Lesson #3

Age:
Kindergarten

Objective:

- Students will use objects to represent whole numbers from 1 to 10.
- Students will understand the effects of addition and subtraction on whole numbers from 1 to 10, including the inverse relationship of the two operations.

Materials:

The Toy Store by Julie Woik

Pencils or Pens

Printed out form attached that correlates with this lesson.

Optional - Send home letter to parents regarding this lesson.

See attached *Letter for Parents*

Activity:

Gather the children in a circle and read The Toy Store.

After the reading, hand out the form showing the mathematical equations. Ask the students to find the correct answers.

Assessment:

Students understand the effects of addition and subtraction on whole numbers from 1 to 10, by working out the mathematical equations provided.
