

The Toy Store

Lesson #2

Age:

Pre-Kindergarten

Objective:

- Students will understand the different ways numbers are represented in the real world by using objects to represent whole numbers.

Materials:

The Toy Store by Julie Woik

Pencils, Pens, or Colors

Printed out form attached that correlates with this lesson.

Optional - Send home letter to parents regarding this lesson.

See attached *Letter for Parents*

Activity:

Gather the children in a circle and read *The Toy Store*, showing everyone the illustrations. After the reading, hand out the form that works for your classroom. Have the students draw a line from the whole number to the corresponding objects/s.

Assessment:

Students recognize different ways numbers are represented by drawing a line from a number to the correlating object/s.
