

Dear Ms. Woik,

I really enjoyed your visit here at Owen-
Withee Elementary. I liked the character of
Lilly the Lash. I think the thought of an
eye-lash teaching kids how to learn important
things in life is awesome. If you could make
a character out of an eye-lash, you would have
to have a pretty, unique imagination. I think
you should write about Lilly riding in a rocket
ship to Mars. I think it would be cool. I think
you created a pretty special book.

Sincerely,
Kallie
