

The Life and Times of Lilly the Lash®

Jungle Jive

“Hop, Skip, and Jump!” cried out Teeder the Toad.
“For another 10 times, ‘til the end of the road.
We’ll strengthen the muscles that help us to play,
And wake up our minds for the start of the day.”

Gathering short of the bank of the brook,
The gang took a rest to engage in a look.
Suddenly Derek slid down the mud slope,
Laughing as Hazel swung out on the rope!

Gliding along with the wind to her back,
Ms. Lilly had sensed she was on the right track.
She could feel the excitement that loomed in the air,
But detected the oncoming cloud of despair.
